

## NCC STONE SEALER

### Natural Finish Impregnating Sealer For Exterior & Interior Use

Suitable for all types of natural and reconstituted stone and other mineral surfaces, including sandstone, limestone, granite slate, marble, quarry tiles, bricks & concrete paving etc.

A solvented, impregnating surface sealer that dries with a natural finish and minimal change to colour and texture. Helps protect against staining. Strongly repels water, oil and grease. Allows surfaces to breathe.

### Directions for use

Shake the bottle prior to use. Ensure surface to be treated is completely clean and dry. Apply with a paint brush, foam roller or sealant applicator. More absorbent surfaces may require further coats and on such surfaces the product should be generously applied. Allow at least two hours between coats. **N.B.** The aim is to completely fill the substrate pores without over applying it.

**FOLLOWING APPLICATION DO NOT ALLOW SURFACES TO GET WET AND KEEP DRY FOR A MINIMUM OF 3 DAYS.**

Always test first on an inconspicuous area, prior to general application.

### Coverage M<sup>2</sup> per application

	1 LTR	5 LTR	25 LTR
Higher porosity surfaces	N/A	37.5m <sup>2</sup>	N/A
Medium porosity surfaces	N/A	75m <sup>2</sup>	N/A
Honed smooth surfaces	N/A	150m <sup>2</sup>	N/A

### Other

Over applied dried on sealer can be removed with the application of a little more sealer and then rubbed and wiped up using an absorbent toweling material.

This product will dry after about two hours but takes a further three days to become fully resistant. Do not apply in direct sunlight.

This product will help to inhibit oil-based stains, but such spillages should always be wiped up immediately.

Do not use in temperatures under 5°C or over 25°C. Clean application tools and brushes with white spirit after use.

**Use only in well ventilated areas. Do not breathe vapours.**

*This information is offered without guarantee. The material should be used so as to take account of the local conditions and the surfaces to be treated. In case of doubt, the product should be tried out in an inconspicuous area*

### Aftercare

Routinely sweep, clean and wash surfaces using a mild PH neutral detergent.

### Storage information

Store in a cool, dry, frost-free environment.

Shelf Life – Up to 4 years for un-opened containers.

### Health, Safety & Environmental

**Flammable liquid and vapour. May be fatal if swallowed and enters airways. May cause drowsiness or dizziness.**

Keep out of the reach of children. IF SWALLOWED: immediately call a POISON CENTRE or doctor/physician-Do NOT induce vomiting. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking .. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. Keep container tightly closed. Dispose of contents/container to hazardous or special waste collection point.

### Danger
