

NCC WATERBASED PAVING & PATIO SEALER

Natural Finish Impregnating Sealer

For Exterior & Interior Use

Suitable for all types of natural and reconstituted stone and other mineral surfaces, including sandstone, limestone, granite slate, marble, quarry tiles, bricks & concrete paving etc.

A waterbased impregnating sealer that dries with a natural finish and minimal change to colour and texture. Helps protect against staining. Strongly repels water, oil and grease. Allows surfaces to breathe.

Directions for use

SHAKE WELL BEFORE USE.

Always test on an inconspicuous area prior to general use.

Ensure surface to be treated is completely clean, dry and free from dirt, grime, cement and grout. If necessary, first wash surfaces with a dilute solution of NCC Heavy duty grime remover 1:10. Rinse well to remove residues and leave to dry (24hrs)

Apply generously and evenly using a light pressure sprayer, foam roller or paint brush. On more absorbent surfaces apply further coats at hourly intervals until the surface is fully saturated.

Do not use when the surface temperature is under 5°C or over 25°C

Coverage M² per application

	5 LTR
Higher porosity surfaces	37.5m ²
Medium porosity surfaces	75m ²
Honed smooth surfaces	150m ²

Aftercare

Routinely sweep, clean and wash surfaces using a mild PH neutral detergent.

Storage information

Store in a cool, dry, frost-free environment.

Shelf Life – Up to 2 years for un-opened containers.

This information is offered without guarantee. The material should be used so as to take account of the local conditions and the surfaces to be treated. In case of doubt, the product should be tried out in an inconspicuous area
